

SPEAKER WITHEM: Approximately six.

SENATOR DIERKS: Okay. I'm going to leave the amendment up there. I'd like for us to take a vote on it and I think that it's unfortunate I think that we would decide that this is the place to draw the line because the last time that this window of opportunity was opened there were 630 people took advantage of it, and we're going to say those 630 people were lucky or we're going to treat them differently? I don't think that's the way we should do business here. If we want to follow the instructions of the Buck Study, why let's put those laws into place first, but let's take advantage right now to treat our citizens the same way we have been treating them and not to draw the line in the sand there. So I would urge your support of the amendment. Thank you.

SPEAKER WITHEM: You've heard the closing. The question is the adoption of the Dierks amendment. All in favor vote aye, opposed vote nay. Record, Mr. Clerk. A record vote has been requested and will be granted also, Senator Dierks.

CLERK: (Read record vote. See pages 1933-34 of the Legislative Journal.) 9 ayes, 14 nays, Mr. President.

SPEAKER WITHEM: The amendment is not adopted. Anything further on the bill?

CLERK: I have nothing further on the bill, Mr. President.

SPEAKER WITHEM: Senator McKenzie, your opportunity to speak.

SENATOR MCKENZIE: Thank you, Mr. Speaker. I move LB 833 be advanced to E & R for engrossment.

SPEAKER WITHEM: You've heard the motion. There are no lights on. The question is the advancement. All in favor say aye. Opposed. It is advanced. LB 1061. Oh, it's LB 833A. It's not printed on the agenda, but I understand it is before us, so 833A will be now considered.

CLERK: Senator Wickersham would move to amend 833A, Mr. President. (Wickersham amendment appears on page 1934 of the Legislative Journal.)
